Eero Saarinen FINLAND (1910-1961) "The purpose of architecture is to shelter and enhance man's life on earth and to fulfill his belief in the nobility of his existence," said Eero Saarinen in 1959. Saarinen's architectural legacy communicates this sentiment of giddy potential and unfettered optimism in post-war America.

Eero Saarinen - Design Within Reach

Eero Saarinen: Shaping the Future comprehensively examines both aspects of Saarinen's oeuvre, investigating the aesthetic, cultural and political significance of his work within the larger context of postwar modern architecture, while also exploring the personal and working relationships between the architect and his many collaborators. Materials, drawn largely from the archives of Saarinen's office, include drawings and full-scale building mock-ups of more than 50 built and proposed ...
