### Amazon.com: Conservation Methods for Terrestrial Orchids ...

Ophrys sphegodes Mill. is a wild orchid species which is threatened and protected due to its pollination biology, small seed and habitat destruction. The aim of this study was to establish asymbiotic germination protocol for the purpose of ex situ conservation. Two basal media Knudson C (KC) and Malmgren (MM), supplemented with organic additives (peptone (PE), L-glutamin (A)le, folic acid, casein hydrolysate (CA)) added separately and control media KC–C and MM–C were used in the present ...
